If you wish, a meeting may be scheduled to facilitate this process. To assist you in understanding the substantive requirements for this application, please refer to A.R.S. § 45-598. Also, please note the following items:

- This form should be used for drilling a well pursuant to all existing groundwater withdrawal permits (A.R.S. §§ 45-511 through 45-519.01) EXCEPT for General Industrial Use permits issued under § 45-515. Applicants wishing to drill well(s) pursuant to a General Industrial Use permit should use form 55-0001, Application for Permit to Drill and Operate a Non-Exempt Well within an AMA.

Completion of this form requires attachment of a detailed construction diagram. The diagram should verify consistency with minimum construction requirements specified in the Department's well construction rules found in Arizona Administrative Code (A.A.C.) R12-12-15-801, et seq. Specifically, the diagram should include an indication of perforated interval location(s) in relationship to the expected water level, depth, and thickness of the surface seal, proposed grouting materials, whether or not the surface or conductor casing will extend above grade and vault details, if specified.

It is imperative that you complete the application form in its entirety. An incomplete or incorrect application may result in a delay in processing your application. Please send the application to the address indicated on the form, along with any required fees and supporting documentation. The Department suggests that you retain a copy of all documents that are submitted for review. The application fee for this permit is \$150.00, pursuant to A.R.S. § 45-113.
